

Roots Flipper+ (Made in India)

Flipper+ is a hand pushed sweeping machine with un-equal sweeping performance. Sturdy, rust-free, light-weight, roto-mould self-collecting dirt hopper. Incorporated with new innovative anti-wrap technology. Ergonomic handle with height adjustment to suit all operators. Newly designed split-half brushes ensures easy replacement. Area performance up to 2600 sq.mts per hour.

Technical Specifications:

Technical Data	Units	Flipper+
Sweeping Width (with side broom)	mm	650
Sweeping Width (without side broom)	mm	460
Theoretical area coverage	m.sq/hr	2600
Dirt Hopper capacity	L	40
Length (without/with side broom)	mm	800/1000
Width (without/with side broom)	mm	725/785
Height (without/with handle)	mm	400/1020
Weight	kg	26
